Introducing the Advanced and Efficient Induction Hob!

This handy Combisteel induction hob can be used anywhere. You can use this handy induction unit not only in a restaurant kitchen, but also at buffets or events. Thanks to its compact size, you can easily position the hob or take it with you, but it has the power to prepare the tastiest dishes. Besides, it also looks sophisticated. The dimensions are 300x370x100mm (LxDxH) - minimum and maximum diameter pan 120/260mm - consumption 0.5-2.7 kW - Temp. +60/+240°C - Weight 4 kg.

Key features:

- **Induction technology:** enjoy fast, responsive, and energy-efficient cooking.
- **Adjustable temperature:** precise control over your cooking process.
- **Sleek and compact:** fits seamlessly into any kitchen while maximizing space.
- **Easy-to-clean:** the smooth glass hob is easy to clean after each use.

Whether you're a gourmet chef or home cook, this induction hob is designed to meet your cooking needs efficiently and stylishly.
