

DROP-IN INDUCTION STOVE 2 HOBS ONLY SUITABLE FOR INDUCTION PANS

€1,250.00

SKU:

7505.0020

Discover our versatile and powerful built-in induction stove with 2 hobs!

This compact induction cooking top delivers maximum performance and flexibility in a space-saving design. Featuring two independently controllable cooking zones, a movable control panel, and a robust stainless steel housing, it is ideal for fast, safe, and precise cooking. The powerful induction technology ensures rapid heating, perfect for a wide range of cooking techniques. Additionally, it is equipped with overheat protection for extra safety during intensive use. The cooking top can be built into a countertop or used freestanding as a tabletop model, making it perfect for any professional kitchen. Dimensions: 712x382x115 mm (WxDxH) – Power: 400V – Energy consumption: 2x 3.5 kW – Temperature range: +60/+240°C – Weight: 15 kg.

Key features:

- **Individually adjustable cooking zones (250 mm)** for maximum cooking flexibility
- **Only suitable for induction cookware** with a base diameter of 16 to 24 cm
- **Stainless steel housing:** durable, hygienic, and easy to maintain
- **Movable control panel:** flexible positioning
- **Easy to install built-in** or use as a **tabletop** unit
- **With overheat protection** for safe use

Whether you need extra capacity or a fixed cooking solution, this drop-in induction stove with 2 hobs offers the perfect combination of power, flexibility, and ease of use for the professional kitchen. Order now and experience the difference.
